

Racing Unleashed combines the glamorous world of motorsport with the digital future of e-sports. In our high-quality racing simulators "Made in Maranello", casual gamers as well as passionate sportswomen and sportsmen compete for the fastest time on the world's most famous race tracks. In order to get off to a real start with Racing Unleashed, we are looking for a dynamic and committed person, either immediately or by appointment:

Software Developer 100% (m/f/d)

Base location Maranello (IT)

The role is based in the research and development office at the Maranello site. You will play a leading role in programming Windows application software that must interface with driving simulation programs and with dedicated game peripherals. You will also be in charge of developing firmware for dedicated boards (embedded programming) and will be responsible for the entire project flow, from conception of the application through to final validation. The role offers considerable autonomy in how to structure the code and in the solutions to be adopted.

THE MAIN TASKS INCLUDE

- Taking care of software and firmware programming on both the PC side in Windows and the embedded firmware side.

WE REQUIRE

- Successfully completed studies in computer science, business informatics or similar field of study.
- Experience in Software development
- Knowledge of C++/C#/Python programming languages
- Expertise in microcontroller programming
- Knowledge of serial /SPI/I2C communication protocols
- Expertise in testing, software validation
- Analytical skills
- Attention to detail and precision
- Problem solving attitude
- Propensity for innovation
- Ability to work in team
- Good knowledge of English and Italian
- Motivation

FAVORABLY

- Experience working with driving-simulation software

You can expect to become part of an international team and enjoy a job with responsibility in a rapidly developing environment based in Maranello.

Please feel free to contact Lorenzo Orlandini by e-mail (Lorenzo.orlandini@racing-unleashed.com) with any questions about the role or the company or if you would like to submit your application documents.
